HAPPENINGS IN THE FALL...

Aviation Days 2018 at the Minden Airport was a big success this year with huge crowds and there were lots of vendors. The Blue Angels performed as did several other aerobatic shows. I made a few pics with my cell phone. BJ

MEANWHILE AT THE DRY LAKE....

The “Magnificent Mike” and his flying machine. A few of us were able to be at the Dry Lake when Mike Hickey’s half-scale Piper Cub flew for the first time. Bob Heitkamp was the pilot and everything was perfect. Mike has spent the last five years working on this great project. Our congratulations go out to Mike and all his friends who helped him out with various parts of the project. BJ

- VII. The Golden Cow Pie Award was presented to Dennis Lampson for a spectacular crash of his Sig Kadet at the Hickey Field. After the wing released and fluttered to the ground due to a structural weakness, the rest of the airplane became a lawn dart and exploded into hundreds of pieces. Fortunately the OS 70 motor survived with only a broken propeller.

VIII. Show and Tell:

Dave Stella showed his Big Beautiful Doll, P51 foam airplane from FMS. It reportedly reaches speeds of 70 mph (downwind).

Jim Kelso showed two World Models T-34 airplanes which he will race in the Bronze Class at the NATS. Let's hope the yellow one that belongs to Kent McLain makes it back home safely.
